Contents

Volume 45

Inhibitory action of dehydroepiandrosterone on methylcholanthrene-induced carcinogenesis in the uterine cervix of mouse
A.R. Rao (New Delhi, India) ..... 1—5
Differences in detection of DNA adducts in the ^{32}P-postlabelling assay after either 1-butanol extraction or nuclease P1 treatment
J.E. Gallagher, M.A. Jackson, M.H. George, J. Lewtas and I.G.C. Robertson (Research Triangle Park, NC) ..... 7—12
The glycosylation state of the precursors of the cathepsin B-like proteinase from human malignant ascitic fluid: Possible implication in the secretory pathway of these proenzymes
M. Pagano, V. Dalet-Fumeron and R. Engler (Paris, France) ..... 13—19
Induction of rat liver γ-glutamyltranspeptidase-positive foci by oral administration of 1-nitropyrene
A. Denda, T. Tsutsumi, T. Tsujiuchi, H. Eimoto, Y. Konishi and S. Sato (Nara and Toyama, Japan) ... 21—26
A mitogenic factor from rat muscle
L.S. Rao, S.G.A. Rao and A. P. Banerji (Bombay, India) ..... 27—34
Longterm survival of normal, diploid Syrian hamster cells in tumors induced by transfection with v-Ha-*ras* and v-*myc* oncogenes
M. Oshimura, L.A. Annab and J.C. Barrett (Research Triangle Park, NC) ..... 35—41
Effect of dietary brussels sprouts with increased selenium content on mammary carcinogenesis in the rat
G.S. Stoewsand, J.L. Anderson, L. Munson and D.J. Lisk (Geneva and Ithaca, NY) ..... 43—48
Comparative carcinogenicity of *N*-nitrosobis(2-oxopropyl)-amine and *N*-nitrosomethyl(2-oxopropyl)amine following subcutaneus or oral administration to rats
P.M. Pour and K. Stepan (Omana, NE) ..... 49—57
Reproducibility studies and effects of bowel preparations on measurments of rectal epithelial proliferation
Z. Fireman, P. Rozen, N. Fine and A. Chetrit (Tel Aviv, Israel) ..... 59—64
Effects of urinary transferrin and ornithine decarboxylase-inducing fraction on rat bladder carcinogenesis
S. Noguchi, Y. Yura, O. Hayashi, S. Samma and R. Oyasu (Chicago, IL) ..... 65—70
Promoting activity of betel quid ingredients and their inhibition by retinol
H.F. Stich and S.S. Tsang (Vancouver, Canada) ..... 71—77
Announcements 79
Erratum 81
Increased formation of N^1-acetylspermidine in human breast cancer
L. Persson and E. Rosengran (Lund, Sweden) ..... 83—86
Presence of membrane binding sites for [D-TRP^6]-luteinizing hormone-releasing hormone in experimental pancreatic cancer
M. Fekete, A. Zalatnai and A.V. Schally (New Orleans, LA) ..... 87—91
Modification by sodium L-ascorbate, butylated hydroxytoluene, phenobarbital and pepleomycin of lesion development in a wide-spectrum initiation rat model
W. Thamavit, S. Fukushima, Y. Kurata, M. Asamoto and N. Ito (Nagoya, Japan) ..... 93—101
Effect of anticancer drugs and hyperthermia on nasopharyngeal carcinoma cell line in vitro
D.K.K. Ha and W.H. Lau (Kowloon, Hong Kong) ..... 103—107
Modulation of hepatic heme-binding Z protein in mice by the porphyrogenic carcinogens griseofulvin and hexachlorobenzene
S.H. Vincent, A.G.Smith and U. Muller-Eberhard (New York, NY, Surrey, U.K. and Rahway, NJ) .... 109—114

Promoting effect of 2,4-diaminoanisole sulfate on rat thyroid carcinogenesis
Y. Kitahori, M. Ohshima, H. Matsuki, N. Konishi, H. Hashimoto, S. Minami, W. Thamavit and Y. Hiasa (Nara, Japan and Bangkok, Thailand) ..... 115—121
Nitrous oxide selectively reduces the proliferation of the malignant cells in experimental rat leukemia
A.A.M. Ermens, N. Vink, M. Schoester, K. van Lom, J. Lindemans and J. Abels (Rotterdam, The Netherlands) ..... 123—128
Effect of β-naphthoflavone on the metabolism of aflatoxin B_1 in hamsters
K. Santhanam and P.D. Lotlikar (Philadelphia, PA) ..... 129—134
Cloning efficiency of human melanoma cells is modulated after invasion through a reconstituted basement membrane
K.H. Yohem, E.A. Seftor, F.L. Meyskens, Jr. and M.J.C. Hendrix (Tucson, AZ) ..... 135—143
Abstracts ..... 145—163
Announcements ..... 165—166
Reversal of weight loss induced by tumour necrosis factor-alpha
S.M. Mahony and M.J. Tisdale (Birmingham, UK) ..... 167—172
Increased sensitivity of quinone resistant cells to mitomycin C
A. Begleiter, E. Robotham, G. Lacey and M.K. Leith (Winnipeg, Canada) ..... 173—176
Modification of the mutagenicity of aflatoxin B_1 and *N*-methyl-*N'*-nitro-*N*-nitrosoguanidine by certain phenolic compounds
A.R. Francis, T.K. Shetty and R.K. Bhattacharya (Bombay, India) ..... 177—182
Hematologic effects of short-term oral diethylcarbamazine treatment given to chronically feline leukemia virus-infected cats
L.W. Kitchen and F.J. Mather (Boston, MA and New Orleans, LA) ..... 183—187
Microsomal metaboism of the Z and E isomers of *N*-nitroso-*N*-methyl-*N*-*n*-pentylamine
C. He and J.G. Farrelly (Frederick, MD) ..... 189—194
Anticarcinogenic effect of betel leaf extract against tobacco carcinogens
P.R. Padma, V.S. Lalitha, A.J. Amonkar and S.V. Bhide (Bombay, India) ..... 195—202
Use of exfoliated cells to study tissue-specific levels of beta-carotene in humans
L.M. Cameron, M.P. Rosin, and H.F. Stich (Vanouver and Burnaby, Canada) ..... 203—207
The promotional effect of testosterone on induction of prostate-cancer in MNU-sensitized L-W rats
M. Pollard, P.H. Luckert and D.L. Snyder (Notre Dame, IL) ..... 209—212
Response to inhibition of androgen action of human ovarian cancer cells in vitro
B.J. Slotman and B.R. Rao (Amsterdam, Netherlands) ..... 213—220
Initiation activity of endogenously synthesized *N*-nitrosobis(2-hydroxypropyl)amine in the rat liver
K. Yamamoto, H. Eimoto, Y. Takashima, M. Tsutsumi, H. Maruyama, A. Denda, Y. Mori and Y. Konishi (Nara and Gifu, Japan) ..... 221—225
Studies on indomethacin as a potentiator for hyperthermic and radiation responses in a mouse fibrosarcoma
M.A. Shenoy and B.B. Singh (Bombay, India) ..... 227—232
Subject Index Volume 45 ..... 233—235
Author Index Volume 45 ..... 237—238
Contents Volume 45 ..... 239—240
